SUMMARY

I'm working professional with having experience of 2.4+ years in Software Development industry. I have work experience on Build Project and BAU Projects related using some technology AEM, HTML, CSS, JavaScript, and ensuring cross-browser compatibility. As an AEM author, this expertise in front-end development directly influences my work by enabling me to translate designs into pixel-perfect web content, encode output to build engaging and contemporary websites, and implement web accessibility standards. By leveraging skills in HTML, CSS, and JavaScript. I can effectively author content within Adobe Experience Manager, aligning it with the latest front-end development practices to enhance the overall digital experience for users.
